Peetz Plateau School District RE-5 shall strive to provide a safe environment, meaningful opportunities and innovative educational programs for all students so that they reach their learning potential, including that they meet or exceed state and district content standards, through partnerships between home, school and the community.

It is the purpose of education in Peetz Plateau School District to develop in each individual:

- ✓ Worthy intellectual processes, including essential communication skills, and capability in inquiry, analysis and problem-solving techniques, and development of a reflective and examining nature
- ✓ A moral and humane character and philosophy, accompanied by the ability to exercise moral and ethical judgment and establish moral and ethical standards
- ✓ Mental and physical health
- ✓ A sense of self-realization which includes a sense of dignity, self-worth and job goals and a sense of artistry and grace
- ✓ Competence in human and social relations
- ✓ The ability and desire to exercise responsible citizenship, requiring a sense of history and an understanding and appreciation of our cultural heritage
- ✓ Economic/occupational competence, which include abilities to function in the economic system, select an occupation, gain job entry or to pursue further occupational training, or attend an institution of higher education
